About Me

Highly motivated and adaptable Game Development Co-op student with a diverse international work background. Possess strong technical skills in development tools (Unity, Flutter), programming languages (C#, Python), and database management (MySQL, Firebase). Proven ability to manage complex projects, solve problems effectively, and collaborate efficiently in a team environment. Seeking a challenging role in game/software/app development, or as a programmer to leverage my technical expertise and passion for creating engaging digital experiences.

Portfolio

Experience

Customer Support Specialist

TDCX, Hong Kong SAR

December 2022 - March 2023

- Managed digital communication channels (email, live chat, phone calls) showcasing strong written, spoken and problem-solving skills.
- Resolved complaints effectively, demonstrating ability to navigate complex situations and deliver solutions.

E-Commerce Assistant

Oriental Mart UK LTD, Nottingham, England, United Kingdom

November 2021 - August 2022

- Managed online order processing and monitored employee performance using company software, highlighting adaptability.
- Utilized Microsoft Excel for data analysis and reporting, showcasing proficiency in productivity software.
- Prepared and presented progress reports, demonstrating data analysis and communication skills. Role required keen attention to detail and strong organizational skills.

Office Admin (Webpage Designer)

Gogo Tours LTD, Toronto, Ontario, Canada

May 2019 - September 2019

- Utilized MS Publisher and website editing tools to modify itineraries and edit company website (technical skills & adaptability).
- Managed tour bookings and prepared documents using Microsoft Office Suite, demonstrating strong organizational skills.
- Applied user experience principles to modify web content, showcasing customer-centric approach.

Tour Guide

Aurora Wonderland Tours and Beck's Kennels, Yellowknife, Northwest Territories, Canada

January 2019 - April 2019

- Guided diverse tours, managed logistics (airport greetings, hotel check-ins), demonstrating time management and customer service.
